DIVISION I  
SOCIAL SERVICES BLOCK GRANT

PREAMBLE

This division sets forth the requirements for reporting required for receipt of federal social services block grant (SSBG) funds and service availability and allocation methodology related to those funds. Also specified is information on advisory committees established by the department to assist in decision making on the use of SSBG funds.

**441—153.1(234) Definitions.**

*“County administrative costs”* include the rent, utilities, and other related costs the county must pay to maintain a county social services office. These costs are funded from state, federal and county sources.

*“Direct services”* means services provided by staff of the department of human services to clients. This includes the administrative support necessary to maintain and oversee services. Direct services are funded with state and federal dollars.

*“Protective day care”* means day care provided to children to prevent or alleviate child abuse or neglect. This purchase service is available throughout the state. Protective day care is funded with federal funds.

*“Regional offices”* means the department of human services’ five field offices which coordinate all service delivery. The five regional offices are located in Sioux City, Waterloo, Des Moines, Council Bluffs, and Cedar Rapids.

*“Residence”* means where the person lives.

*“State purchase services”* means those services the department purchases in every county state-wide. State purchase services are funded with state and federal funds.

**441—153.2(234) Development of preexpenditure report.**

**153.2(1)** The department of human services shall develop the social services block grant preexpenditure report on an annual basis. The report shall be developed in accordance with the Code of Federal Regulations, Title 45, Part 96 as amended to July 6, 1982. The report shall describe the services to be funded, in what areas services are available and the amount of funding available. The plan shall also indicate the source of funding.

**153.2(2)** The department shall issue a proposed preexpenditure report prior to publication of the final report. The proposed report shall be available for public review and comment in each district office of the Iowa department of human services during regular business hours for a two-week period.

**153.2(3)** The time and scope of public review will be announced each year. The announcement will indicate the time the proposed report can be viewed. The department shall make this information available to the media, post signs in each district and local human services office and may publish ads in each district listing the time of review.

**153.2(4)** The department shall accept comments about the preexpenditure report during the specified public review and comment period. The advisory committees, individuals or groups may submit written comments to the region or to the Bureau of Purchased Services, Iowa Department of Human Services, Hoover State Office Building, Des Moines, Iowa 50319-0114. Public hearings may be arranged by the regional administrator at which time testimony will be accepted.

**153.2(5)** The department shall consider the public comment when developing the final preexpenditure report.

**153.2(6)** A copy of the final preexpenditure report will be available in each district office.

#### **441—153.3(234) Amendment to preexpenditure report.**

**153.3(1)** The preexpenditure report may be amended throughout the year. The department may file an amendment changing the kind, scope or duration of a service. Decisions to change a direct service or state purchase service will be made by the department.

Prior to filing an amendment the department and the county boards of supervisors will evaluate available funds and the effect any change will have on clients.

**153.3(2)** An amendment in the preexpenditure report will be posted in the district and local offices affected by the amendment at least 30 days prior to the effective date of the change. However, in the event funding for the service has been exhausted, an amendment shall be posted immediately notifying the public that the service will no longer be available. The district administrator will, whenever possible, give advance notice of a service termination made necessary because funds have been exhausted. When a service is added or extended, an amendment may be posted immediately and a 30-day posting period is not required.

**153.3(3)** The advisory committees, individuals or groups may submit written comments to the region or to the Bureau of Purchased Services, Iowa Department of Human Services, Hoover State Office Building, Des Moines, Iowa 50319-0114.

**153.3(4)** Nothing in this rule will supersede the requirement for notifying clients of adverse action as provided in 441—130.5(234).

This rule is intended to implement Iowa Code section 234.6(6).

#### **441—153.4(234) Service availability.**

**153.4(1)** A client shall apply for services in the appropriate office of the Iowa department of human services.

*a.* The department shall determine eligibility according to 441—130.3(234).

**153.4(2)** An eligible client shall receive a service for which the client is eligible, subject to the provisions of 441—Chapter 130, when the service is listed in the geographic area in which the client resides. The geographic area for direct and state purchase is the state.

**153.4(3)** To the extent federal law prohibits use of federal funds for provision of social service block grant services to persons the department has defined as eligible, state funds shall be used to pay for these services.

**441—153.5(234) Allocation of block grant funds.**

**153.5(1)** The amount of social services block grant dollars allocated to direct services shall be determined by estimating the cost of performing each direct service function. These estimates shall consider costs for direct staff salaries, administrative salaries and support costs, including data processing costs, rent, utilities, and similar items. The department will follow a cost allocation plan for determining the appropriate costs of the department's central office to be funded with block grant money.

**153.5(2)** The amount of funding allocated to state purchase services shall be allocated to each region as follows:

*a.* The available family planning dollars shall be distributed among the regions at 75 percent of the funds on the basis of poverty population and 25 percent of the funds on the basis of population of females aged 12 to 44 as reported in the 1990 census for the state of Iowa.

*b.* The available foster care dollars shall be allocated among the regions according to rules set forth in 441—Chapter 156.

*c.* Administrative support dollars which are used for volunteer services shall be distributed among the five regions based on historical expenditures.

*d.* Allocation of funds. Rescinded IAB 7/7/93, effective 7/1/93.

**153.5(3)** The amount of funding available for county administration is determined by examining past utilization.

This rule is intended to implement Iowa Code section 234.6 and 1992 Iowa Acts, Senate File 2355, section 7, subsection 6, and sections 24 and 25.

**441—153.6(234) Local purchase planning process.** Rescinded IAB 7/8/92, effective 7/1/92.

**441—153.7(234) Advisory committees.** The department of human services shall maintain and utilize the state and district advisory committees established for providing recommendations on the allocation and uses of federal social services block grant funds during the fiscal year ending June 30. Persons interested in participating in the district advisory committees may contact the district administrator who will select the members. The statewide advisory committee shall consist of members from each of the district advisory committees. Two members shall represent each of the 16 social services district offices as constituted prior to March 1982. Costs for meals, lodging, and travel for the state level advisory committee members (or designated alternates attending in the place of members) shall be paid by the department of human services at the same rate as state employees traveling within the state. For a one-day meeting, only one overnight expenditure will be allowed.

These rules are intended to implement Iowa Code section 234.6 and 1990 Iowa Acts, Senate File 2435, section 6, subsection 3.

**441—153.8(234) Federal flood relief supplemental social services block grant funds for emergency social services.** The department shall be authorized to develop spending plans for federal flood relief social services block grant funds appropriated to the department for the fiscal year beginning July 1, 1993, and ending June 30, 1994. These funds may be used by the department, in accordance with all applicable special federal conditions, to provide emergency social services and to award grants to agencies, organizations, and other government entities for the provision of emergency social services for flood relief. Funds shall be used for the provision of emergency social services to persons, families, and children experiencing stress or impairments to functioning as a result of flood-related damage to their residence, temporary or permanent loss of employment or income, or temporary or permanent displacement from their home community. The department shall coordinate expenditure of these funds with other relief efforts. This relief program shall be implemented in accordance with the following provisions:

**153.8(1) *Funding to counties.*** The department shall utilize 75 percent of the flood relief supplemental appropriation to award grants for emergency social services to county governments in the 25 most severely impacted counties, based on the number of Federal Emergency Management Administration (FEMA) individual applications submitted from each Iowa county as of February 15, 1994. These counties are: Polk, Linn, Black Hawk, Pottawattamie, Boone, Johnson, Scott, Wapello, Story, Muscatine, Dickinson, Tama, Louisa, Greene, Fremont, Crawford, Lee, Dallas, Jasper, Des Moines, Van Buren, Carroll, Warren, Clay, Marshall. This grant program shall be implemented subject to the following conditions:

*a.* Each of the 25 counties shall be awarded a grant based on that county's respective proportion of the total FEMA individual applications submitted from the 25 counties.

*b.* County government shall use these funds to provide any combination, based on local needs, of the following services: congregate meals; counseling; day care for children; employment services; health-related and home health services; home-based services; home-delivered meals; housing services; pregnancy and parenting services for young parents; prevention and intervention services; recreational services; special services for youth involved in, or at risk of involvement in, criminal activity; substance abuse services; transportation services; and wrap-around services.

*c.* The department shall develop a program description for these grant awards which shall further define the allowable services listed in paragraph "b."

*d.* The department shall execute a Grant Agreement, Form 470-3128, with the board of supervisors in each of the 25 counties receiving grant funds and shall implement payment and reporting procedures for the program. Counties shall submit quarterly progress and fiscal reports to the department which shall describe plans for the use of grant funds, eligibility criteria used by the county, services provided, the number of persons receiving services, and expenditures for services delivered.

*e.* The department shall work with the counties receiving grants to ensure the most effective utilization of these funds for flood relief emergency social services.

**153.8(2) *Funding to department.*** The department shall utilize 25 percent of the flood relief supplemental appropriation to provide social services block grant services for flood relief in the five departmental regions and for reasonable administrative costs incurred by the department as a result of this supplemental appropriation. This program shall be implemented in accordance with the following procedures:

*a.* The department shall allocate these funds among the five regions based upon each region's respective proportion of the statewide number of individual Federal Emergency Management Administration (FEMA) applications submitted through February 15, 1994.

*b.* Each regional office of the department shall use their share of these funds to provide direct or purchased social services to individuals and families.

*c.* These funds shall be used by the regions for any of the following services: child abuse investigations, home-based services, day care for children, and wrap-around services.

*d.* Individuals receiving department services through this allocation shall meet existing eligibility criteria for the services they receive and service delivery shall follow appropriate service procedures.

*e.* Each department regional administrator shall target these funds to those counties and individuals most adversely affected by the 1993 flood crisis based on each county's respective number of FEMA applications.

*f.* Department expenses involved in the administration of these supplemental funds shall be charged against this portion of the total relief appropriation. Administrative costs, including costs of department direct service provision, shall not exceed 10 percent of the total federal supplemental allocation.

*g.* If demand for services through this allocation is insufficient to expend these funds, the department shall be authorized to divert funds into the county grant program outlined in 153.8(1) to either add to existing grants or make additional grants to counties based on their number of FEMA applications.

*h.* Any funds allocated under this subrule that are not spent by the department as of September 30, 1994, shall be returned to the federal government in accordance with the federal conditions for this appropriation.

This rule is intended to implement Iowa Code section 234.6 and 1994 Iowa Acts, Senate File 2034, section 2.

When the eligibility determination and case plan is completed by a department service worker, application for services shall be made through the departmental office serving the person’s county of residence. **441—153.33(225C) Eligibility.** An eligible person is one who meets the criteria established in rule 441—130.3(234) and who is either a person with mental illness, a person with mental retardation or a person with a developmental disability as defined in rule 441—22.1(225C). **441—153.34(225C) Eligibility determination, case plan development, and social casework.** Eligibility determination and case plan development shall be completed by a person designated by the county. The designated person shall be a medical assistance case manager serving the person's county of residence. In making decisions about which services to fund, the supervisors may consult with consumers, providers, relevant advisory committees, and other interested parties.

**153.39(2) Encumbrance record.** Each county shall maintain a system for recording the encumbrance of these funds. DIVISION IV  
STATE PAYMENT PROGRAM FOR SERVICES TO ADULTS  
WITH MENTAL ILLNESS, MENTAL RETARDATION, AND  
DEVELOPMENTAL DISABILITIES

PREAMBLE

The state payment program for services to adults provides 100 percent state funds to pay for mental illness, mental retardation and developmental disabilities local services for eligible persons who have no legal settlement in Iowa. This ensures that each of the mental illness, mental retardation and developmental disabilities local services provided by an Iowa county to residents who have legal settlement is also available to residents of that county who do not have legal settlement.

Three basic principles underlie the state payment program for services to adults. First, duration of residency, including legal settlement, is not an eligibility factor for mental illness, mental retardation and developmental disabilities local service programs. The state payment program has been developed to enable all eligible residents to receive these services, regardless of their legal settlement status. Second, each state is responsible to provide care and services for its own residents. Iowa provides for residents of Iowa. Third, one's own family is of primary importance to one's well-being. Thus, the state payment program emphasizes that care and services for a person be provided near the person's own family, unless this is contraindicated or impossible to provide.

**441—153.51(234) Definitions.**

*"Applicant"* means a person for whom payment is requested from the state payment program.

*"Approved county management plan"* means the county plan developed pursuant to Iowa Code Supplement section 331.439 that has been approved by the department's director.

*"Central point of coordination (CPC)"* means the administrative entity designated by a board of supervisors, or the boards of supervisors of a consortium of counties, to act as the single entry point to the service system established under an approved county management plan.

*"Department"* means the Iowa department of human services.

*"Division"* means the division of mental health and developmental disabilities of the department of human services.

*"Enrolled person"* means a person authorized by the division to receive benefits from the state payment program.

*"Legal representative"* means a person recognized by law as standing in the place or representing the interests of another, for example, a guardian, conservator, custodian, parent of a minor, or the executor, administrator or next of kin of a deceased person.

*"Legal settlement"* is a legal status as defined in Iowa Code sections 252.16 and 252.17.

*"Personal representative"* means a person designated in writing by another as standing in the other's place of representing the other's interest.

*"Resident,"* for purposes of this division, means a person who is present in the state and who has the intent to remain in Iowa indefinitely.

**441—153.52(234) Eligibility.** To be eligible for the state payment program, a person must be an adult and meet all of the following conditions. The department may, on a case-by-case basis, attempt collection from a legally responsible entity.

**153.52(1) Eligibility criteria.** When residing in a county without an approved county management plan, meet the eligibility criteria established in rule 441—153.33(234). When residing in a county with an approved county management plan, meet the eligibility criteria in the approved plan.

**153.52(2) Payment source.** Have no other political entity, organization or other source responsible for provision of or payment for the needed services nor be eligible to have the service funded or provided at no additional cost to the state by another state or federally funded facility or program.

**153.52(3) Residency.** Be a resident of Iowa without legal settlement in an Iowa county.

**153.52(4)** Not have been in Iowa for purposes of visitation or vacation nor traveling through the state to another destination at the time of application for services.

**153.52(5)** Rescinded IAB 11/8/95, effective 1/1/96.

**441—153.53(234) Application procedure.**

**153.53(1) Application by service worker.** It shall be the responsibility of the department's county office service workers to make application for the state payment program for any person they serve who may be eligible. Applications shall be made only with the knowledge and consent of the person or the person's legal or personal representative. An applicant residing in a county with an approved county management plan, with the consent of that county's central point of coordination, may be required to make application through the central point of coordination process.

**153.53(2) Eligibility for services.** Applicants for the state payment program must first be determined eligible for services following the application procedure in rule 441—130.2(234). An applicant residing in a county with an approved county management plan shall be determined eligible following the eligibility guidelines contained in the approved county management plan. The department's county office service worker is responsible for the decision made on eligibility based on the approved county management plan.

A person eligible for the state payment program as of June 30, 1996, shall remain eligible as long as the eligibility requirements in effect on June 30, 1996, are met.

**153.53(3) Application requirements.** Applications shall be made on Form SS-1106-0, State Payment Program Eligibility Determination, and shall include a copy of the applicant's case plan; a copy of a study or report signed by a physician, psychiatrist, or psychologist which establishes a diagnosis of mental illness, mental retardation, or developmental disability; Form RS-1120-0, Services Reporting System, completed except for item 41 and the last two digits of item 40; and additional narrative as follows:

*a.* A statement explaining why it is believed the applicant does not have legal settlement in Iowa and the place where it is thought the applicant does or may have it.

*b.* A history of the custody or guardianship of the applicant, if custody or guardianship has ever been with someone other than the natural parents.

*c.* A description of the applicant's family and the applicant's relationships with family members and significant others and the attempts made to seek services for the applicant near these people or the reason for not doing so.

*d.* An explanation of the applicant's financial status, including veteran and social security status and other entitlements.

**153.53(4) Application date.** The date of application is the date a signed Form SS-1106-0, State Payment Program Eligibility Determination, is received in the county office. For applications processed through a central point of coordination, the date of application is the date a signed county application is received in the office of the central point of coordination. The application date from a completed and signed Form SS-1120, Application for Social Services, or a completed and signed central point of coordination application form, may be transferred, as the effective date, to Form SS-1106-0, State Payment Program Eligibility Determination.

**153.53(5) Application submission.** The application shall be completed and submitted to the division within 30 days of the application date.

**441—153.54(234) Eligible services.** Services eligible for reimbursement pursuant to this division of the rules are, for applicants residing in a county without an approved county management plan, the following mental illness, mental retardation, and developmental disabilities local services: adult day care, adult support, community supervised apartment living arrangements, adult residential services, sheltered work, supported employment, supported work training, transportation, and work activity. For applicants residing in a county with an approved county management plan, the applicant is eligible for the services defined in the plan of the applicant's county of residence. A person receiving a service under the state payment program as of June 30, 1996, which is not in the approved county management plan shall continue to remain eligible for that service as long as the eligibility requirements in effect on June 30, 1996, are met.

Social casework as defined in rule 441—131.1(234) will be provided by the department, or with agreement, through a county central point of coordination process, during the period for which services are paid. Regardless of who provides the social casework, the department has final responsibility for any decisions that may be subject to appeal.

*a.* For enrolled persons with mental retardation, payment will be provided for services as long as the person is eligible and the following criteria are met:

(1) The provider and the department have a valid purchase of service agreement for the service pursuant to 441—Chapter 150 or the provider has a contract with a county to provide services under an approved county management plan which specifies the unit of service and the unit rate to be paid by the county, and the provider has completed and signed Form 470-3336, State Payment Program Provider Enrollment Information.

(2) For an enrolled person residing in a county without an approved county management plan, the service is in the county's plan for mental illness, mental retardation, and developmental disabilities local purchase services. For an enrolled person residing in a county with an approved county management plan, the service is provided under the approved plan and paid for from the county mental health, mental retardation and developmental disabilities services fund.

(3) The service is provided or paid for by the enrolled person's county of residence to persons who have legal settlement there.

**153.55(2) *Excluded costs.*** The costs for an enrolled person's maintenance, medical services and other needs are not paid by the state payment program when the person is eligible for Medicaid or state supplementary assistance, except when the cost is included as an integral part in the mental illness, mental retardation, and developmental disabilities service received by the enrolled person and the cost cannot be separated from the rest of the service cost.

#### **441—153.56(234) Eligibility determination.**

**153.56(1) *Certification by central office.*** Following receipt of a completed Form SS-1106-0 and required accompanying documentation from the county office or the county central point of coordination, central office staff of the department shall complete the determination of eligibility as follows:
